

NATURE FOR HEALTH

Elan[®] Biotic

For bacterial challenges

Elan[®]Biotic is a combination of strong antibacterial plant extracts in the highest possible concentrations for liquid applications in drinking water. Elan[®]Biotic is a fully phytogenic product, optimized to maintain a diverse intestinal microflora and to control its pathogenicity. This results in better production performance and lower mortality through improved intestinal health, less bacterial challenges, reduced intestinal inflammation, lower endogenous losses and more efficient nutrient utilization.

“Elan[®]Biotic is the strongest antibacterial product in the OlusPlus product range”
